Dear Sir/Madam,

APPLICATION FOR SOFTWARE DEVELOPER INTERNSHIP

I am Prince Afful and I am writing to formally apply for semester-out position as a Software Developer Intern at your reputable organization.

I am currently a Level 300 student at Takoradi Technical University pursuing a Bachelor of Technology in Information Technology. As part of my academic requirements, I am expected to undertake an industrial attachment starting from 11th May 2026.

I have developed strong technical skills in Python, Flutter, HTML, CSS, and JavaScript. I have also built several real-world systems including a hotel booking system (Next.js with PostgreSQL), a food delivery system (Flutter, Node.js, Express & MongoDB), a point of sale system, a school management system using Django, and multiple web applications using PHP and MySQL. With a secured authentication ,authorization and payment features embedded.

Through these projects, I have gained experience in both frontend and backend development, database design, and system integration. I am highly motivated, eager to learn, and ready to contribute effectively to your team while gaining valuable industry experience.

I would be grateful if given the opportunity to undertake my internship with your organization. I am confident that this experience will help me grow professionally while contributing positively to your company.

Thank you for your time and consideration. I look forward to your response.

0596865714 / 0552327706

Yours faithfully,
Prince Afful
